PURE WATER URGED | ANTHONY TO FIGHT BY WAR SECRETARY PROMOTION IN ARMY O'DONNELL'S, 904 F St., Wholesale and Retail

Mr. Wright Asks That Power Says He Will Oppose Adof Army Engineers in Work Be Enlarged.

ARTIFICIAL LIMBS

Total Estimates of Department for erces between Mr. Anthony and Colonel Next Fiscal Year Total \$189,755,039.

Laying stress upon the necessity of securing the Washington water supply from pollution, Secretary of War Wright, fied, and which he will fight. in his annual report to the President and Congress, recommends that the Engineer Department of the army be given an increased scope of operation, to se-cure protection. The present statutory regulations, he says, are inadequate.

lief in the following terms:

drawn to the matter with a view to such extension of their scope or operation as may be deemed warranted by the present and future condition of the Potomac river and its tributaries as sources of the water supply of the District of Columbia."

Estimates Greater.

The total estimates of the department for the next fiscal year amount to 189,-755,039, an increase of about \$52,000,000 over the appropriations for the last fis-cal year. The increase is largely for river and harbor improvements, and other public works, for which \$24,000,000 is asked. Ten million five hundred thou-sand of the increase is an additional estimate for the support of the army, Military Academy, and militia, and the remaining \$17,800,000 for military works, such as fortifications, arsenals, military posts, etc.

such as fortifications, arsenals, military posts, etc.

The Secretary asks for \$2,014,748, the identical amount appropriated for the present fiscal year, for the civil establishments of the War Department. Ten thousand dollars are asked for the Ariny War College, \$190,000 for the Washington-Alaska telegraph and cable system, \$30,000 for wireless telephone apparatus, \$12,709 for the maintenance of the Arany War College, \$15,000 for the Army Medical Museum in this city, a total of \$800,-700 for the Engineer School here, \$50,000 for aeronautics, \$318,290 for the maintenance of public buildings and grounds in Washington, \$10,000 for the Arlington National Cemetery, \$38,200 for the road to Arlington from the Aqueduct bridge.

Artificial Limbs.

Artificial Limbs. Among the most striking estimates is one for \$132,000 for artificial limbs. Secretary Wright especially recom-mends an addition of 612 officers to the army, and approves a policy of elimination from the service of all officers who fail to maintain the requisite who fall to maintain the requisite standard of efficiency. He comments on the failure to eliminate officers who just squeeze by the examinations for promotion. The increase in the number of officers is recommended because of the large number on detached duty and absent from their commands. The additional cost for 512 officers would amount to from \$2,000,000 to \$3,000,000.

Owing to increased chilistment, the actual strength of the army has increased substantially, although it is not yet up to the authorized strength. In comparison, the number of desertions fell off substantially, due, the Secretary says, to the re-establishment of military prisons.

Mr. Wright submits an estimate of SALOON MEN HELD.

says, to the re-establishment of military prisons.

Mr. Wright submits an estimate of \$500,000 to enable the Signal Corps to take up aeronautics in a more substantial way, and to keep pace with the competing powers. He further recommends that the general scheme of national defense shall provide an organized militia force of \$50,000 men.

NEW BILL PROVIDES FOR SUCCESSION

Senator Bacon of Georgia has intro duced a resolution for a constitutional amendment relating to the succession to the Presidency. It is intended to provide for such a contingency, as would arise if the President-elect died in the interval between his election and the date of inauguration.

By the amendment, the Vice President-elect would enter on the duties of President March 4.

SOLDIERS' HOME CONCERT. A concert will be given by the Soldiers' Home Band Friday evening at Stanley Hall from 7:30 to 9:00 o'clock. Musical Director John S. M. Zimmer-mann has prepared a large program.

Heads of Older Officers.

Representative Anthony of Kansas, CALL FOR \$132,000 Gen. Leonard Wood, and Col. Hugh L. Scott, superintendent of the West Point Military Academy, will be the conspicuous figures in a possible Congresional inquiry growing out of differ-Scott and involving General Wood.

The immediate cause of the controversy is that Representative Anthony has heard that the President proposes to advance Colonel Scott over officers of superior rank to the grade of brigadier general, a proceeding which Representative Anthony declares is unjusti-

some length in his report and asks relief in the following terms:

"The question of maintaining the purity of the Fetomac river, as a source of the water supply of the Capital, is one of considerable importance; as the towns situated upon its upper waters become more numerous and populous, the danger of pollution from sewage and from the waste products of manufacturing establishments may be expected to increase. The prevention of pollution of the water contained in the aqueduct itself is somewhat inadequately provided for in section 1806 of the Revised Statutes.

'As the existing statutory regulations on the subject seem to be hardly adequate to secure the water supply of the Capital from pollution, attention is drawn to the matter with a view to such extension of their scope or opera-

Chicago Trio Arrested, Charged With Contributing to Her

Delinquency.

CHICAGO, Dec. 10 .- James O'Leary ell into the police net last night on the charge of contributing to the delinency of a seventeen-year-old girl. With him were arrested John Rogan, of 4305 State street, and Archie McLaughlin, 5900 State street. The men gave bonds before Judge Girten, who issued

the warrants.

The warrants were sworn out by the girl, Mary Denny, at the instigation of the Englewood police, who took her into custody Monday night on a charge of disorderly conduct.

The girl gave her address at 5831 Euclid avenue, and said she had been sold liquor for the last three weeks in saloons owned by the defendants. She said she had drunk with men in the places, and had been out late on the streets nights.

Miss Denny's mother was found by the police, and the girl was given into her charge. Miss Denny promised to appear against the defendants.

When Mr. Rockefeller had finished his uncheon he strolled over to another planked chicken, and "jollied" members of the Middlesex grand jury, who were in the dining room with him. He gave the waiter who served him, Rudolph Osterwald, 5 cents for a tip, and advised him to put in the savings bank. "That's what I did with my spare cash when I was your age," said Mr. Rockeefller, "and it earned money for me. Never waste your money."

Mr. Rockefeller came here with Mr. and Mrs. Johnson, of New York. They had ordered their luncheon in advance, and just ran up from Lakewood and back again, with two automobiles, three chauffers, and a butler.
